CLEMENT VICKARS.

Adjutant-General's Office,
Annapolis, July 13th, 1824.

The late supplement to the Militia Law of Maryland requires the Adjutant General to forward to the Colonels of Regiments, and Majors commanding Extra Battalions, Blanks necessary to enable them to make their returns to his department. It also requires those officers to report themselves to his department before the 26th of August 1824. As the adjutant is anxious that a complete return of the militia should be obtained, he requests all those officers who have not already done so, to report themselves, that he may know to whom he may send Blanks; as, according to the law, no officer will be considered in commission who does not report himself. Printers might do a service who can conveniently give this notice an insertion.

Richard Woodward, of Thos. 3d Regimental Cavalry District, Maryland Militia.

ORDERS.

In compliance with the provisions of the act of the general assembly of Maryland passed at December session, 1823, the commissioned officers of cavalry in the 3d Regimental Cavalry District M. M. are hereby ordered to assemble for drill and instruction at Mr. James Williamson's, in the city of Annapolis, on the second Saturday of August next, at 10 o'clock, A. M.

Officers to appear in uniform and fully equipped.

Captains of Troops, are also ordered to make out and deliver, or cause to be delivered, to the Adjutant before the 15th of October next, a complete and full return of all the officers and men under their command, together with the number of their arms and equipments belonging to the state of Maryland.

All commissioned officers attached to the 3d Regimental Cavalry District (Anne-Arundel and Calvert counties), are further ordered on or before the 26th of August next, to report themselves to the Adjutant General, by letter, post paid, otherwise they will be considered as having resigned, and their names will be stricken from the rolls of the militia of this state. All absentees will be dealt with according to law.

By order of Col. Charles Sterrett Ridgely,
SAMUEL BROWN, Jun. Adjutant.
July 8th, 1824.

To Rent this Fall,

A fine farm in Anne Arundel county, binding on Patuxent River, and within ten miles of Baltimore, containing nearly 500 acres of land, with four large corn fields that will bring from 150 barrels of corn to 200 each. I have raised upwards of 300 in several of the fields in a seasonable year. There is about 50 acres of fine market land, a great part of which brings fine cabbage, some weighing from 10 to 12 pounds each, when trimmed. There is one great advantage attending the place, viz. you may have from two to 300 cart loads of manure from the river shore; the grass that grows up being equal to anything for Potatoes, or Wheat or Corn; you can make hay enough to winter 8 or 10 head of horses, and cut 4 or 5 large stacks of marsh grass that is fine for cattle.

The place will afford two tenements, and will suit two brothers, or two friendly neighbors, with about 10 or 12 hands. The market land all enclosed in different lots, partly with paling. The improvements are a good dwelling house, with three rooms below stairs and three above, with a good pantry, passage and kitchen, all attached to it; and a most excellent barn, with other necessary houses sufficient for any place. This farm abounds with good fruits, such as peaches, apples, plums of different kinds, damsons, and choice pears. There is a good spring near the house, with a spring house in which to place milk and butter. I have made 400 dollars by the fruit in one season. The rent will be made easy to a good tenant, who must work the place as I do, that is to say, each field and lot in rotation, and not raise indolently on the market land. It will be rented for a term of 3 years.

JAMES P. SOPER.

Hair Restorative

And Preservative Vegetable Cerate. FACTS ARE STUBBORN THINGS.

I have now in my possession a certificate from a gentleman to whom reference will be given to those who wish positive proof of the powerful effect of the Hair Cerate. In this case a large space on the head was perfectly bald, but now, wonderful to behold, it is covered with a beautiful, strong, thick crop of hair; and this rapid vegetation came to perfection in about two months by the use of not quite two boxes of the Vegetable Hair Cerate bought at my shop I therefore, in full confidence recommend it to the public, that by attending to the method prescribed for using it, they will not be disappointed in their expectations.

JOHN LOVE,

Sole Agent for the state of Maryland, March 22.

More proof of the wonderful effects of the Vegetable Hair Restorative Cerate, which I have just received in the following certificates from New York, &c.

Northampton county, Penn. Jan. 22, 1824.

Having observed in the Baltimore and Philadelphia papers the wonderful effects the Vegetable Cerate has produced on numbers of persons, and having the misfortune to lose my hair about two years ago, I purchased some of the article and made use of it according to the directions, and in about four months I had an elegant coat of hair, and I can safely say it is one of the greatest discoveries ever made as it respects restoring the hair.

JAMES WOOD.

Long Island, March 25, 1824.

I saw in the New York Patriot a remedy for the hair, called the Vegetable Cerate, and being bald on the top of my head, I purchased a box, and after using about three-quarters of it, I perceived my hair coming out, I shaved it off according to the directions, and in about three months I had a fine head of hair; I have, therefore, no hesitation in recommending it to the public.

J. GARDNER.

New York, March 20, 1824.

As I had heard from numbers of persons the great benefit they had received from the use of the Vegetable Cerate, and having lost nearly all my hair, and tried every thing to restore it without effect, I purchased some of the Cerate of Dr. James H. Hart, and continued its use about three or four months, and found it answered the most salutary effects. To those who are desirous of preserving and restoring their hair, I therefore cheerfully recommend it to the public in general in the highest terms.

WILLIAM PATTEN.

North-Moore street, March 1, 1824.

With the greatest satisfaction, I do recommend the Vegetable Cerate. Having lost almost all my hair, by its falling off, I made use of the Vegetable Cerate and found the greatest benefit, it has cured my hair entirely, not only that, it softens the hair, and gives it a most elegant glossy appearance.

Dr. James H. Hart of New York, is well acquainted with me, and can testify to the above.

ELIZABETH HUGHES.

TO THE PUBLIC.—In justice to the discoverer of the celebrated Hair Restorative and Preservative Vegetable Cerate, [which is advertised in this paper] as well as for the benefit of such as may be afflicted with the loss of hair, I feel it my duty to give publicity to the following facts. About four years ago my hair all came out and left my head entirely bald; I used a great variety of means, among which were all the imported oils that are generally used for restoring the hair, to restore it again, without effect. Having seen the Vegetable Cerate last summer, I procured some of it, and after using it about four months, night and morning, my head is now covered with a beautiful and vigorous growth of hair. It has had the desired effect with me, and I earnestly recommend it to those who have unfortunately lost their hair, as being the only effectual restorative now in use.

WILLIAM SMITH,

Of Burlington county, N. J.

Newark, March 12.

TO THE LADIES.

New York, Varick at, Feb. 20, 1824.

As it respects the Vegetable Cerate that has been published in our New York papers for this sometime past, and the many benefits it has produced on various persons, I therefore purchased some of the article to try its effect, and I can safely say, it is the only thing that has ever been of benefit to me, it not only prevents the hair from falling off, but gives the most stubborn hair a most beautiful natural curl, and I highly recommend it to all the ladies in the highest terms.

THE ORIGINAL OFFICE OF THE PRECEDING CERTIFICATES, can be found at the store of Dr. James H. Hart, corner of Chambers street and Broadway, New York.

SHERIFFALTY.

ROBERT WELCH, (of Ben.)

Still continues to be a candidate for the office of Sheriff for Anne-Arundel county, and respectfully solicits the votes and interests of his fellow-citizens.
